**As the temperatures rise**, various creatures are emerging from their hiding places. It is strongly advised that clubs, particularly those located in the Artisan Center, refrain from propping their doors open. This action only serves as an open invitation for these critters to enter unnoticed. This warning extends to the rattlesnakes that are commonly found in the vicinity, as well as scorpions, tarantulas, mice, and rats. Since Tuesday, we have already relocated three of these creatures in the area, primarily on the golf course. It is crucial to acknowledge their presence and take necessary precautions.

**Why I Love SCOV:** I love walking in SCOV for exercise. Everyone I meet, smiles and waves. Sometimes we stop on the sidewalk and have a conversation about how we are and what we're doing. The dog walkers are generally considerate by keeping their dogs on a short leash, so they don't get too excited and rush me. I always compliment the dog owners who have trained their dogs well: Theda Ellis, SCOV resident.

**Thank you to everyone** who joined in for the surprise drive-by birthday celebration for

Doris Libby's 95th birthday. Many didn't even know her, but she was overwhelmed by all the birthday wishes and was very touched by every one of you. We live in such a wonderful community. Thank you for making her 95th so special!

**It's a good idea to carry water with you at this time of year.** Check out the SCOV logo drinkware at the Welcome Center.
