Your illuminated address sign can be vital during an emergency. Take a moment to verify that the light bulbs are functioning properly when night falls. Is the sign easily visible from the street? Do any trees or bushes need trimming to improve visibility? While you're at it, inspect the frame's paint, does it require some touch-ups? As the nights grow longer, the importance of this sign increases. Make sure to check it soon.

Do you have holiday pictures from the past? A desert winter wonderland photo you would like everyone to see? Please send your photos to [Carla Green](#), and your photo might be in the December Tipster.

The Finance and Budget meeting has been moved to Monday, November 18, 1:30 pm, WC3, to accommodate the holiday schedule.
