Pools & Spa Project 2026 - There's been no change on the approval of the plans by Pima County. We have, through the Government Affairs Committee, reached out to one of the Board of Supervisors to see if they can assist in moving the project along. Once the plans are approved, the heaters will be hooked up, installation of the chemical room exhaust fan, pump room cleanup and painting, chemical system training with staff remain. For the DO Pool, we are awaiting new railings and ladders. The current step railing was loose, but E-Konomy completed a temporary fix until the new railing is installed.

Gift Shop News: New in the shop are handmade sticky note holders that are uniquely designed to keep your notes neatly organized while adding a touch of personality to a desk, kitchen counter, or workspace.
